

AGS Attends California Workforce Association Workcon

May 2nd-4th, 2018

San Diego, California

AGS staff recently attended the California Workforce Association's (CWA) Workcon as the workforce analytics partner. AGS provided the onsite app and analytics for the event, which allowed attendees to view workshop and event details, create a personalized schedule, provide live conference feedback, and view and reply to CWA tweets. Staff was able to connect personally with customers while also making new connections, and spent time showcasing new G*STARS features and answering questions.
