

Michigan Works! Annual Conference attended by AGS

September 8th-10th, 2019

Kalamazoo, MI

AGS staff recently attended the Michigan Works! Conference held in Kalamazoo, MI. Staff spent time meeting with Michigan customers, showcasing new product features, and planning for the future. We're thrilled to be able to connect with folks with whom we have worked with for 12 years as well as meet many new faces. G*STARS is used in community colleges, and workforce boards from Traverse City to Detroit, and AGS is excited to have had the opportunity to connect with a long standing customer base to continue positive relationships around the state.
